### Burndown Chart

The chart displays the progress of task completion. The Ideal line represents a linear schedule, while the Actual line shows the real progress. The Actual line is currently above the Ideal line, indicating that more tasks have been completed than planned.

Day	Ideal	Actual
4/19	18	18
4/20	15	15
4/21	12	15
4/22	9	12
4/23	6	9
4/24	3	6
4/25	0	3
